EXPERIENCE

Arts for Art, *Frontend Web Developer*

Oct 2023-May 2024 | Contract | New York, NY

- Designed layout for large-scale web app for NYC-based non-profit on Figma.
- Developed web app with custom HTML/CSS, and PHP.
- Built custom JavaScript functionalities for web app.
- Met with client regularly to discuss weekly updates.
- Squashed bugs after site's launch.

Studio 368, *Creative Resident*

Apr 2023-Jan 2024 | Residency | New York, NY

- Accepted into the notorious creative house 368 co-founded by Casey Neistat and Paul Leys.
- Worked on freelance web development
- Experimented with and learned frontend development languages such as JavaScript and Python.
- Learned JavaScript frameworks such as jQuery and Bootstrap.

The Prana Life, *Web Producer/Developer*

Jan 2022-Jul 2023 | Contract | New York, NY

- Managed WordPress website.
- Setup and managed products via WooCommerce; updated weekly.
- Used ChatGPT for several tasks such as helping generate keywords and summarizing content to help the site's SEO performance.
- WordPress customizations included debugging and writing PHP code.

RMB Vivid, *Graphic Designer*

Sep 2020-Aug 2021 | Internship | Seattle, WA

- Generated graphic design mockups and packages with the intention of creating effective design experiences for local and national companies and organizations.
- Work included graphic deliverables for the interior design of the University of Oregon dining hall. Another example of the design elements I created is a variety of signage at the University Village Mall in Seattle, WA.

Purpl Creative, *Founder/Frontend Web Developer*

May 2020-Jul 2021 | Self-Employed | Seattle, WA

- Founded Seattle-based agency dedicated to creating efficient web applications, organic digital marketing campaigns, and SEO-friendly sites
- Worked closely with small local business owners.
